Farm Service Agency
Washington, DC 20250

Notice LD-573

For: State and County Offices

Electronic Milk Income Loss Contract Extension (eMILCX) Payment Processing Resumed

Approved by: Deputy Administrator, Farm Programs

1 Processing eMILCX Payments

A Background

On October 4, 2006, it was determined that eMILCX software was **not** recognizing the correct FY, prohibiting County Offices from processing MILCX payments for FY's 2006 and 2007. Notice LD-571 informed State and County Offices that MILCX payments could **not** be processed until eMILCX software was modified to correctly identify FY 2006 and FY 2007 payments.

B Purpose

This notice informs State and County Offices that the fix to correctly identify FY 2006 and FY 2007 payments is available. Therefore, MILCX payments processed through eMILCX software may resume immediately for FY's 2006 and 2007.

Note: Funds have been made available in eFC for both FY's.

2 State and County Office Action

A State Office Action

State Offices shall ensure that County Offices are immediately informed of the contents of this notice.

B County Office Action

County Offices shall **immediately** resume processing MILCX payments through eMILCX.

Note: Prompt payment interest is applicable to MILCX payments issued later than 60 calendar days after production evidence and supporting documentation for the applicable month is received in the County Office.

Disposal Date	Distribution
July 1, 2007 10-27-06	State Offices; State Offices relay to County Offices
